Application for an Exemplification of a grant (Copy or Certified/sealed copy of a Grant/Will)

An Exemplification is a certified and sealed copy of a Probate Grant, Letters of Administration, Letters of Administration with the Will annexed, or a Reseal.

An Inventory of Property will also be supplied if the person applying for the certified sealed copy is an Executor, Administrator, Beneficiary, or an applicant in a contested Supreme Court Family Provision Claim. The Court will not release the Inventory of Property to creditors or potential claimants.

You might need an exemplification to apply for a reseal of a grant from another jurisdiction, or to prepare an Affidavit of Additional Assets, or to transfer property in a contentious matter.

If you only need copies of probate documents issued before 1976 for general use or family history research, contact the State Records Authority of NSW on (02) 9673 1788), or search the records archives online:
