

# Court Transcripts Online

## Recording and Transcription Services (RTS)

### Order and manage your transcripts online

The new Online Transcripts Portal is a simple, centralised, digital platform that enables court users to order, track, process, and receive their transcript orders in one location.

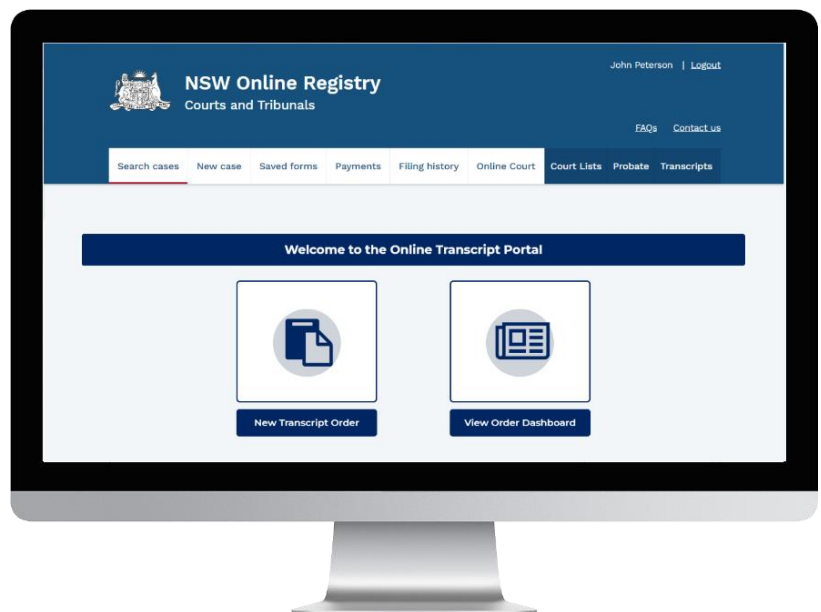

The portal is accessible via the Courts and Tribunals NSW Online Registry Website for anyone who is a party to a case. To order a transcript, you will need to be a registered user of the Online Registry.

If you are not already registered, you can create an account using up to two forms of identification.

Customers who are not associated with an existing case will still be able to request a transcript through the current registry processes.

#### Parties to a case can:

- Order a transcript
- View progress of a transcript request
- Access completed transcripts
- Make payments online
- Receive notifications.

*Transcripts can be requested via this service for matters with past and future listing dates, across all NSW jurisdictions and locations.*
